

CHAPERONE CHECKLIST

Dear Chaperone: Thank you for supervising students on a field trip to the Zoo. Please follow the directions on this page to ensure a safe and enjoyable visit.

Your most important duty
is to keep your students with you at all times.

Before the trip, talk to the teacher about...

- The educational goals of the trip.
- The behavioral expectations for the students.
- The activities you will lead at the Zoo.
- The communication plan, and the meeting times and locations.

Make a list of the names of the students in your group. Jot down what each is wearing and a brief description in case someone gets separated from your group. Make sure students know your name.

Review the following rules with the students in your group:

ZOO RULES FOR STUDENTS

- Stay on the paths.
- Walk instead of run.
- Pick up your trash.
- Respect the animals by being quiet.
- Keep your hands, body, and objects away from animal enclosures.
- DON'T feed the animals.
- DON'T pick plants or flowers.

Use the Field Trip Activities to keep students involved.

- Focus students on the activities as you guide them around the Zoo.
- Encourage the students to ask questions, and then look for their own answers by observing, collecting evidence, making guesses, and forming opinions.
