

Dear Educator,

San Diego Zoo Global has a long-standing commitment to education and especially to the children. We thank you for your interest in bringing your students to Zoo. We are fortunate we are able to offer schools free or discounted admission to the Zoo as long as they meet our requirements.

The attached form will allow you to register for a self-guided visit to the Zoo. By completing the form, emailing or faxing it back to Zoo Education (619-232-6823), you are confirming that you agree to and understand the policies described. Filling out this registration form does not guarantee a reservation. You will receive an email confirmation within two weeks of sending this form. If you do not receive a confirmation within two weeks of sending in your form, please call us at 619-557-3963 or 619-557-3962.

Entrance fees may change depending on several variables. San Diego County students are free of charge during traditional school days. Schools located outside of San Diego County pay a discounted rate of \$10 for each student on traditional school days. All schools pay \$10 per student on weekends, school holidays, and during the summer. (Dates of traditional school days, holidays, and summer vacations are based on several school districts within San Diego County.) The minimum size of a school group is 15 people. We have a maximum of 200 people per school per day. Each individual over the 200 person limit is charged full price. (*If you are a home school, you will still need to meet the minimum group size of 15. This can be done by making a group reservation that includes several home school families. You will need to call to make the reservation and we will ask you for a home school affidavit number. Homeschool adults and children 3 and up pay \$10.)

The maximum ratio of free adults allowed varies depending on your mode of transportation to the Zoo. If you are arriving by bus, one adult for every five students is the maximum ratio allowed. If you are arriving by car, the maximum ratio is one adult for every four students or one adult for every three students if car seats are needed. If you have any special needs students, we allow one adult for every one special-needs student in the group. Please indicate this on the registration form if it applies to your group. Your group must have a minimum of one adult for ten students. Adults within the maximum ratio are the same price as the students. Adults above the maximum ratio up to and not exceeding the total number of students are \$10 each. If the number of adults exceeds the number of students, each adult over and above the number of students will be charged the full admission price. Teachers are counted in the total number of adults. Adult chaperones are required to stay with their students at all times.

The bus tour is \$5.00 for students and adults booking with a self-guided visit. The Skyfari is \$3.00 each way for students and adults. The Simex 4-D theater is \$3.00 for students.

If your school would like to pay by purchase order, we must receive a copy at least one full week prior to your visit date. If we do not receive a purchase order by that time, payment by cash, check, or charge is due upon check-in. Please bring a copy of your purchase order when you check in. If you are planning on paying by cash, check or charge, it is due upon your arrival.

Reservations must be made at least two weeks (ten business days) prior to your visit date. Any reservations made within two weeks will be charged a \$25 late fee. School groups without reservations pay regular admission fees.

Thank you so much for your consideration. We believe these details will help you to have a more enjoyable visit.

Sincerely,
San Diego Zoo Education Department
